MESSAGE

I am glad to know that the Central Vigilance Commission has decided that the 'Vigilance Awareness Week' would be observed by all organizations, from October 28, 2013 to November 2, 2013 on the theme "*Promoting Good Governance-Positive Contribution of Vigilance*".

The 'Vigilance Awareness Week' is a commendable initiative as it provides all government organizations and personnel an appropriate occasion to recall and reaffirm their solemn duty and commitment to providing an efficient, transparent and clean administration for the progress and welfare of our citizens and the country.

I extend my felicitations and best wishes to the Central Vigilance Commission and everyone associated with the observance of the 'Vigilance Awareness Week' and wish them all success.
